

# Cayman Monetary Regulatory Authority International

At the forefront of financial regulation, the Cayman Monetary Regulatory Authority International (CMRAI) is dedicated to upholding the highest standards of financial oversight and compliance. Our mission is to safeguard the stability and integrity of the global financial system by ensuring that financial services operate within a framework of transparency, accountability, and excellence.

As a trusted partner to financial institutions worldwide, CMRAI provides rigorous supervision, innovative solutions, and strategic guidance to foster a secure and thriving financial environment. With decades of experience and a commitment to global standards, we stand as a pillar of trust and security in an ever-evolving financial landscape.

With a legacy of excellence in financial oversight, the Cayman Monetary Regulatory Authority International (CMRAI) is a beacon of trust in the international financial community. Our role extends beyond regulation; we are innovators, collaborators, and protectors of the global financial ecosystem. By fostering compliance, promoting best practices, and embracing technological advancements, CMRAI ensures that financial services remain resilient and adaptable in a dynamic global market.

Our comprehensive approach to regulation encompasses a deep understanding of financial risks and a proactive stance on emerging challenges. We are committed to empowering financial institutions with the tools and guidance necessary to navigate complex regulatory landscapes, thereby contributing to global economic stability and growth.

6/21/2018Miami, Florida, USA, May 29th, 2014. Miami, Florida, USA, May 29th, 2014. Miami, Florida, May 29th, 2014 - The Caribbean Financial Action Task Force (CFATF) is an organisation of twenty-seven jurisdictions of the Caribbean Basin Region, which have agreed to implement the international standards for Anti-money Laundering and Combating the Financing of Terrorism (AML/CFT), Financial Action Task Force Recommendations (FATF Recommendations). In order to protect the international financial system from money laundering and financing of terrorism (ML/FT) risks and to encourage greater compliance with the AML/CFT standards, the CFATF identified jurisdictions that have strategic deficiencies and works with them to address those deficiencies that pose a risk to the international financial system. Jurisdiction with strategic AML/CFT deficiencies that has not made sufficient progress in addressing the deficiencies or has not complied with the Action Plan developed with the CFATF to address these deficiencies. The CFATF calls on its Members to consider implementing further counter measures to protect their financial systems from the ongoing money laundering and terrorist financing risks emanating from Guyana, as described below. Guyana As a result of not meeting the agreed timelines in its Action Plan, the CFATF recognises Guyana as a jurisdiction with significant AML/CFT deficiencies, which has failed to make significant progress in addressing those deficiencies and the CFATF considers Guyana to be a risk to the international financial system. Members are therefore called upon to implement further counter measures to protect their financial systems from the ongoing money laundering and terrorist financing risks emanating from Guyana. Also, the CFATF has referred Guyana to the FATF. As approved during its XXXIX Plenary Meeting, the CFATF referred Guyana to the FATF in June 2014. The FATF has accepted CFATF's referral of Guyana. Countermeasures could entail, among others, the requirement of enhanced due diligence measures; introducing enhanced reporting mechanisms or systematic reporting of financial transactions; refusing the establishment of subsidiaries or branches or representative offices in the country concerned, or otherwise taking into account the fact that the relevant financial institution is from a country that does not have adequate AML/CFT systems and limiting the business relationships or financial transactions with the identified country or persons in that country. BACKGROUND INFORMATION 6/21/2018Miami, Florida, USA, May 29th, 2014. In November 2011 the CFATF brought to the attention of its Members certain jurisdictions including Guyana with significant strategic deficiencies in their AML/CFT regime. With a view to encouraging expeditious rectification of the identified strategic deficiencies Guyana and the CFATF developed an Action Plan with identified target dates to address the strategic deficiencies that exist in Guyana s national architecture to combat money laundering and the financing of terrorism. The CFATF issued a public statement in May 2013 recommending that Guyana took steps to ensure that it addressed its AML/CFT deficiencies. Additionally, in November 2013 CFATF issued a further public statement calling upon its Members to consider implementing counter measures to protect their financial systems from the ongoing money laundering and terrorist financing risks emanating from Guyana. Guyana has failed to pass the relevant legislation necessary for it to significantly improve its AML/CFT regime and therefore has not substantially addressed the outstanding deficiencies from its mutual evaluation report. The CFATF urges Guyana to urgently, immediately and meaningfully address its AML/CFT deficiencies, in particular by: 1) fully criminalising money laundering and terrorist financing offences, 2) addressing all the requirements on beneficial ownership, 3) strengthening the requirements for suspicious transaction reporting, international co-operation, and the freezing and confiscation of terrorist assets, and 4) fully implementing the UN conventions.
